

Message from the Founder

I would like to personally welcome you to the Monviso® Ambassador Program. Our program was launched in the UAE in 2016, and is set to expand to other GCC countries in the near future.

We at Monviso® pride ourselves with the exceptional quality of our product. Monviso® 100% mineral water originates from the highest mountain of the Cottian Alps in Italy. A mountain whose water has been celebrated for its unique properties since ancient times. But we also pride ourselves for being a part of a greater effort to transform lives through medical research via our partnership with UAE's Al-Jalila Foundation. Together with Al-Jalila, Monviso® is making a difference through the joint humanitarian retail sales donation program "Take Water, Give Life". By becoming a Monviso® Ambassador you will be a part of this humanitarian effort – for every 1 liter of Monviso® sold, Monviso® will donate 1.00 AED to Al-Jalila Foundation.

But it doesn't end there - As a Monviso® Ambassador, you will receive a 10% commission on purchases made by a direct referral, and a 5% commission on purchases made by all indirect referrals. Our referral program is transparent and we are 100% committed to it.

If you believe in the health benefits of Monviso® water, and you'd like to gain profit by promoting our product, please join our unique Monviso® Ambassador Program. It's as simple as reaching out to your network of friends and family, online and offline. And, remember - with every purchase made, we will be collectively contributing to improving the lives of those in need through our partnership with Al-Jalila Foundation. We will be indeed living by our motto "Take Water, Give Life".

Thank you for being a part of our team,
Stefano Iorini
CEO, Monviso®

About Monviso®

100% Natural from Europe's Highest Source

Monviso® 100% natural mineral water originates from the highest mountain of the Cottian Alps in Italy. At 2,042 m altitude, the water is bottled at source from the highest spring in Europe, the Rocce Azzurre. Away from pollution and human settlement, the purity of Monviso's water is unquestionable.

Extremely Light with only 0.33mg/l of Sodium!

Monviso® water is extremely light, with a very low mineral salt content (49 mg/l) and one of the lowest sodium levels in the world (only 0.33 mg/l), which helps prevent fatigue, promotes diuresis, purifies the kidneys, and helps maintain optimal blood pressure, making it safe to consume in large quantities.

Preparation of Formula and Baby Foods

Not only does Monviso® have the lowest content of sodium in the world, but thanks to its contaminant-free purity, consistent chemical composition, low-grade mineralization, and low nitrate content, Monviso® water is recognized by the Italian Ministry of Health as suitable for the preparation of baby food and formula. Monviso® water properties also make it suitable for breastfeeding mothers, and for the dilution of full fat milk.

We only use BPA-free bottles!

Monviso® water bottles are packaged in PET plastic and are (BPA) Bisphenol-A free. Our bottles come in various sizes as shown in the table below.

About the Monviso® Ambassador Program

How does the Monviso® Ambassador program work?

Our goal is to build a strong community where our biggest fans can give us constructive feedback, and in return, we reward them for their loyalty.

Joining our Ambassador Program is as simple as 1-2-3:

1. First, register through www.monvisoambassador.com
2. Then, Monviso® will assign a unique code to the name, email address, and mobile number you provided through registration.
3. Based on this unique code, Monviso® is able to track:
 - Those who become Ambassadors through *your* code (i.e. your direct referral), and their purchases.
 - Those who become Ambassadors through your direct referrals (i.e. indirect referrals), and their purchases.

Please note that all orders through the Monviso® Ambassador Program are made online through your dashboard and deliveries are available across all UAE.

Here is an example to illustrate this process:

The Monviso® Ambassador Program is a two-level marketing program that gives you the chance to earn a commission from up to 2 levels of your “pyramid”. For example, you referred Faten, Lea, and Omar to the Monviso Ambassadors Program. All three joined. As a result, you will receive a 10% commission on all purchases made by these direct customers. Faten, Lea, and Omar, referred their family and friends to the program, and each managed to recruit three friends. Fortunately for you, you will make a 5% commission on these indirect or second-level customers (ex. Sally, Ali, and Salma).

The Benefits of Being a Monviso Ambassador

- On the 1st of each month, Monviso will email you a statement showing all the orders that you or your referrals have made, and the commissions that you have earned during the previous month.
- You can redeem your commissions in cash, cheque, or deduct the earned amount from your future purchases.
- You will earn credits on the number of purchases done through your code.
 - 5 orders: T-shirt, beach towel or beach wear
 - 10 orders: Coffee shop or Cinema
 - 25 orders: Dinner or 1 month Fitness voucher
 - 50 orders: Desert Safari or Waterpark
 - 100 orders: Fitness Voucher or Hammam
 - 150 orders: SPA or Skydive
 - 200 orders: Trip to Jordan (Petra or Amman)
- You will receive an invitation to our Monviso Ambassador Facebook page, which will help you connect with other Ambassadors around the country, and help expand your network.
- You will be invited at all our exciting events with free tickets also for your friends.
- Monviso occasionally offers promotions and special projects.

Your Ambassadorship is a gift of life

The benefits of our Ambassador Program expand beyond your network. By actively participating, you will be directly contributing to Al-Jalila Foundation. Al-Jalila Foundation is a part of the Mohammed Bin Rashid Al Maktoum Global Initiative, and is focused on promoting and cultivating medical education and research in the UAE.

Together with Al-Jalila, Monviso is making a difference through the joint humanitarian retail sales donation program "Take Water, Give life". By becoming a Monviso® Ambassador you will be a part of this humanitarian effort – For every 1 liter of Monviso that we sell, Monviso will donate 1.00 AED to Al-Jalila Foundation.
